

How our work as a OneService community benefits our residents:

Sub-theme 1: Connecting Residents to Services Using Technology

Sub-theme 2: Co-creating a Better Living Environment for All

CONNECTED SERVICES FOR A CONNECTED COMMUNITY

CONNECTED SERVICES FOR A CONNECTED COMMUNITY

You, the resident, are at the heart of what we do.
What can you look forward to?

You, the resident, are at the heart of what we do.
What can you look forward to?

CONNECTING RESIDENTS TO SERVICES USING TECHNOLOGY

CO-CREATING A BETTER LIVING ENVIRONMENT FOR ALL

As a Smart Nation, we will harness technology to better serve your needs

We want to partner you to shape and improve our living environment

New OneService App functions

- Book community spaces offered by government agencies and Town Councils via the "Book Facilities" feature.
- Report "Smoking" and "High-Rise Littering" via new reporting categories.

Stay informed and participate via the OneService App

- "What Say You?" for Town Councils and agencies to survey you on what you would like to see around your neighbourhood.

- Through "Community Challenge", take small, meaningful actions to address common municipal issues.

CONNECTED SERVICES FOR A CONNECTED COMMUNITY

CONNECTED SERVICES FOR A CONNECTED COMMUNITY

Report conveniently, on-the-go

- OneService Lite - scan QR codes placed at high-traffic areas to report municipal issues with just 2 clicks!
- Report municipal issues via social messaging apps like Telegram and WhatsApp, backed by an AI engine that can guide you along the way.

Innovative solutions for municipal issues

- OneService-Industry eXchange (OSIX) encourages the public and private sectors to share ideas and collaborate to develop smarter and more customised solutions.
- Not sure if agencies have addressed your feedback? Receive photo updates when you submit cases via the OneService App.

Resources for the community

- High-Rise Littering and Pigeon Feeding programme to prepare grassroots leaders and Town Councils to tackle persistent dis-amenities arising from these two issues.

- Actualise your ideas through "Love Our Hood" community projects or by referencing our upcoming community resources.

HOW TO GET INVOLVED?
