

Don't Let Your E-waste Waste Away

Why Recycle E-waste?

- E-waste needs to be properly handled to recover valuable materials and prevent hazardous substances from harming the environment and our health.
- Recycling e-waste reduces trash and reduces our carbon footprint.

First, see if your product can be reused, donated or repaired. If not, recycle it!

What Can I Recycle?

ICT Equipment

Large Household Appliances

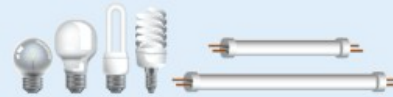

Electric Mobility Devices

Household Batteries

Lithium-ion Batteries

Bulbs & Tubes
(Incandescent, LED and Fluorescent)
